Signed:

Dated:

Officer or Owner of Debtors:

Title:

All financial records must be for the business participating in the program. It should not be for the owner if the business is a partnership or a corporation. If an outside facility manages the financial aspects of the business, the provider shall submit individual financial records as well as the financial records of the outside facility. Please submit all documentation to which you have answered a “Not Included” response within 10 days of this request.

Payment made out to Noridian Healthcare Solutions, LLC along with the form and all required documentation, should be mailed directly to:

Noridian Medicare JE Part B Refund  
ATTN: Extended Repayment Schedule  
PO Box 511381  
Los Angeles, CA 90051-7914

## Important Information to Know

**Amortization Schedule** - A written and signed request must be submitted that refers to the specific overpayment for which an extended repayment is being requested. This request must detail the number of months requested, indicate the approximate monthly payment amount (principal + interest, if possible), and include the first payment along with future payments due while the request is under review. An [amortization schedule template](#) is available on the Noridian Medicare website if needed.

1. Filling out the Amortization Schedule:
  - a. Loan Amount: How much you need the loan for (add the overpayments to get the total)
  - b. [Interest Rate](#): This can be found on the first demand letters they can also be located on our website.
    1. If the overpayments have different interest rates, multiple amortization schedules will need to be submitted
  - c. Loan Term in months
  - d. Date submitting the ERS Request

**Good Faith Payment** - Good faith payments are monthly payments submitted by the provider while an ERS is in review. They should equal one month’s payment of the provider’s requested terms; ex. 36-month request = 1/36th minimum good faith payment. Payment shall continue to be submitted while the ERS is being reviewed. Your good faith payment should reference “ERS Request” and made payable to Noridian Healthcare Solutions, LLC. Note: To have collections stopped on overpayments being requested for an ERS loan, a good faith payment is required. To determine the good faith payment, the amortization schedule needs to be filled out.

**Note:** If there is any interest that has accrued on the debt prior to Noridian receiving this request, the interest will need to be recovered in one lump sum payment or over multiple months (not to exceed three months).

**Balance Sheets** - The most current balance sheet and one for the last completed fiscal year (preferably prepared by your accountant). If consolidated statements (including more than one entity) are submitted, separate statements showing the individual provider's contribution must also be submitted. **Note:** If the time between the two balance sheets is less than six months (or you cannot submit balance sheets prepared by your accountant), you must submit balance sheets for the last TWO completed Medicare fiscal years in addition to the most current balance sheet.

**Income Statements** - Related to the balance sheets (preferably prepared by your accountant).

**Cash Flow Statements** - For periods covered by the balance sheets. If the date of the request for an extended repayment plan is more than three months after the date of the most recent balance sheet, a cash flow statement should be prepared for all months between that date and the date of the requested.

**Projected Cash Flow Statement** - Covering the remainder of the current fiscal year. If fewer than six months remain, a projected cash flow statement for the following year should be included.

**List of Restricted Cash Funds** - By amounts as of the date of the request and the purpose for which each fund is to be used (if applicable).

**List of Investments** - By type (stock, bond, etc), amount, and current market value as of the date of the report (if applicable).

**Schedule Showing Amounts** - Due to and from related companies or individuals included in the balance sheets. The schedule should show the names of related organizations/persons, TIN, and NPI numbers. It shall show where the amounts appear on the balance sheet, such as Accounts Receivable, Notes Receivable, etc.

**The Percentage of Occupancy** - By type of patient - Part A Only - (Medicare, Medicaid, Private pay) and total available bed days for the periods of the income statements cover.
