Documentation References: [Standard Documentation Requirements Policy Article \(PA\) A55426](#)

The treating clinician must complete the following items:

- [Standard Written Order \(SWO\)](#)
- Medical record documentation requirements (see below)

Medical Documentation

- All criteria in the Standard Manual Wheelchair checklist.
- The beneficiary's medical needs cannot be accommodated by a standard manual wheelchair base plus an appropriate combination of prefabricated or custom fabricated options and accessories.
- A specialty evaluation performed by a licensed/certified medical professional (LCMP), such as a PT or OT, or a clinician who has specific training and experience in rehabilitation wheelchair evaluations and that documents the medical necessity for the wheelchair and its special features.
- The expected need for the custom manual wheelchair is more than three (3) months.
