Beneficiaries Call 1-800-MEDICARE

Suppliers are reminded that when beneficiaries need assistance with Medicare questions or claims that they should be referred to call 1-800-MEDICARE (1-800-633-4227) for assistance. The supplier contact center only handles inquiries from suppliers.

The table below provides an overview of the types of questions that are handled by 1-800-MEDICARE, along with other entities that assist beneficiaries with certain types of inquiries.

Organization	Phone Number	Types of Inquiries
1-800-MEDICARE	1-800-633-4227	General Medicare questions, ordering Medicare publications or taking a fraud and abuse complaint from a beneficiary
Social Security Administration	1-800-772-1213	Changing address, replacement Medicare card and Social Security Benefits
RRB - Railroad Retirement Board	1-800-808-0772	For Railroad Retirement beneficiaries only - RRB benefits, lost RRB card, address change, enrolling in Medicare
Coordination of Benefits - Benefits Coordination & Recovery Center (BCRC)	1-855-798-2627	Reporting changes in primary insurance information

Another great resource for beneficiaries is the website, <http://www.medicare.gov/>, where they can:

- Compare hospitals, nursing homes, home health agencies, and dialysis facilities
- Compare Medicare prescription drug plans
- Compare health plans and Medigap policies
- Complete an online request for a replacement Medicare card
- Find general information about Medicare policies and coverage
- Find doctors or suppliers in their area
- Find Medicare publications
- Register for and access MyMedicare.gov

As a registered user of MyMedicare.gov, beneficiaries can:

- View claim status (excluding Part D claims)
- Order a duplicate Medicare Summary Notice (MSN) or replacement Medicare card
- View eligibility, entitlement and preventive services information
- View enrollment information including prescription drug plans
- View or modify their drug list and pharmacy information
- View address of record with Medicare and Part B deductible status
- Access online forms, publications and messages sent to them by CMS

Medicare Learning Network Matters Disclaimer Statement

Below is the Centers for Medicare & Medicaid (CMS) Medicare Learning Network (MLN) Matters Disclaimer statement that applies to all MLN Matters articles in this bulletin.

"This article was prepared as a service to the public and is not intended to grant rights or impose obligations. MLN Matters articles may contain references or links to statutes, regulations or other policy materials. The information provided is only intended to be a general summary. It is not intended to take

the place of either the written law or regulations. We encourage readers to review the specific statutes, regulations and other interpretive materials for a full and accurate statement of their contents.”

Sources for “DME Happenings” Articles

The purpose of “DME Happenings” is to educate Noridian’s Durable Medical Equipment supplier community. The educational articles can be advice written by Noridian staff or directives from CMS. Whenever Noridian publishes material from CMS, we will do our best to retain the wording given to us; however, due to limited space in our bulletins, we will occasionally edit this material. Noridian includes “Source” following CMS derived articles to allow for those interested in the original material to research it at CMS’s website, <http://www.cms.gov/Regulations-and-Guidance/Guidance/Manuals/index.html>. CMS Change Requests and the date issued will be referenced within the “Source” portion of applicable articles.

CMS has implemented a series of educational articles within the Medicare Learning Network (MLN), titled “MLN Matters”, which will continue to be published in Noridian bulletins. The Medicare Learning Network is a brand name for official CMS national provider education products designed to promote national consistency of Medicare provider information developed for CMS initiatives.

CMS Quarterly Provider Updates

The Quarterly Provider Update is a listing of non-regulatory changes to Medicare including Program Memoranda, manual changes, and any other instructions that could affect providers or suppliers. This comprehensive resource is published by CMS on the first business day of each quarter. Regulations and instructions published in the previous quarter are also included in the Update. The purpose of the Quarterly Provider Update is to:

- Inform providers about new developments in the Medicare program;
- Assist providers in understanding CMS programs and complying with Medicare regulations and instructions;
- Ensure that providers have time to react and prepare for new requirements;
- Announce new or changing Medicare requirements on a predictable schedule; and
- Communicate the specific days that CMS business will be published in the Federal Register.

The Quarterly Provider Update can be accessed at <http://www.cms.gov/Regulations-and-Guidance/Regulations-and-Policies/QuarterlyProviderUpdates/index.html>. Suppliers may also sign up to receive notification when regulations and program instructions are added throughout the quarter on this page.

Physician Documentation Responsibilities

Suppliers are encouraged to remind physicians of their responsibility in completing and signing the Certificate of Medical Necessity (CMN). It is the physician’s and supplier’s responsibility to determine the medical need for, and the utilization of, all health care services. The physician and supplier should ensure that information relating to the beneficiary’s condition is correct. Suppliers are also encouraged to include language in their cover letters to physicians reminding them of their responsibilities.

Automatic Mailing/Delivery of DMEPOS Reminder

Suppliers may not automatically deliver DMEPOS to beneficiaries unless the beneficiary, physician, or designated representative has requested additional supplies/equipment. The reason is to assure that the beneficiary actually needs the DMEPOS.

A beneficiary or their caregiver must specifically request refills of repetitive services and/or supplies before a supplier dispenses them. The supplier must not automatically dispense a quantity of supplies on a predetermined regular basis.

A request for refill is different than a request for a renewal of a prescription. Generally, the beneficiary or caregiver will rarely keep track of the end date of a prescription. Furthermore, the physician is not likely to keep track of this. The supplier is the one who will need to have the order on file and will know when the prescription will run out and a new order is needed. It is reasonable to expect the supplier to contact the physician and ask for a renewal of the order. Again, the supplier must not automatically mail or deliver the DMEPOS to the beneficiary until specifically requested.

Refunds to Medicare

When submitting a voluntary refund to Medicare, please include the Overpayment Refund Form found on the Forms page of the Noridian DME website. This form provides Medicare with the necessary information to process the refund properly. This is an interactive form which Noridian has created to make it easy for you to type and print out. We've included a highlight button to ensure you don't miss required fields. When filling out the form, be sure to refer to the Overpayment Refund Form instructions.

Processing of the refund will be delayed if adequate information is not included. Medicare may contact the supplier directly to find out this information before processing the refund. If the specific patient name, Medicare number or claim number information is not provided, no appeal rights can be afforded.

Suppliers are also reminded that "The acceptance of a voluntary refund in no way affects or limits the rights of the Federal Government or any of its agencies or agents to pursue any appropriate criminal, civil, or administrative remedies arising from or relating to these or any other claims."

Medicare Claims Processing Manual, Chapter 30 Revision

MLN Matters Number: MM10848

Related CR Release Date: January 11, 2019

Related CR Transmittal Number: R4197CP

Related Change Request (CR) Number: 10848

Effective Date: April 15, 2019

Implementation Date: April 15, 2019

CR10848 revises the Medicare Claims Processing Manual, Chapter 30. The current policy in Chapter 30 is not changing. The Centers for Medicare & Medicaid Services (CMS) is revising the chapter to provide improved formatting and readability. CMS also added a glossary to assist you with common terminology within the chapter. The revised chapter is attached to CR10848. Make sure your billing staffs are aware of these changes.

Implementation to Exchange the List of Electronic Medical Documentation Requests (eMDR) for Registered Providers via the Electronic Submission of Medical Documentation (esMD) System - Revised

MLN Matters Number: MM11003 Revised

Related CR Release Date: February 21, 2019

Related CR Transmittal Number: R2264OTN

Related Change Request (CR) Number: 11003

Effective Date: July 1, 2019

Implementation Date: July 1, 2019

Note: CMS revised the article on February 22, 2019, to reflect the revised CR11003 issued on February 21. In the article, CMS revised the CR release date, transmittal number, and the web address of the CR. All other information remains the same.

Change Request (CR) 11003 makes the changes required to send Additional Documentation Request (ADR) letters to participating providers via the (esMD) system. A CR to effectuate the exchange of ADR letters to registered providers via the esMD system will be released later. Make sure your billing staffs are aware of these changes.

Proof of Delivery Documentation Requirements

MLN Matters Number: SE19003

Article Release Date: January 17, 2019

Related CR Transmittal Number: R750PI

Related Change Request (CR) Number: 10324

Effective Date: November 20, 2017

Implementation Date: November 20, 2017

CR10324 simplified and clarified the Centers for Medicare & Medicaid Services' (CMS) requirements for proof of delivery and documentation necessary to support compliance for payment purposes. These proof of delivery requirements (including equipment examination requirements for newly eligible beneficiaries) are in revised Medicare Program Integrity Manual, Chapter 4, Section 26.

Change in PDAC Contractor

Effective January 15, 2019, the Pricing, Data Analysis, and Coding (PDAC) contract will transition from Noridian Healthcare Solutions, LLC to Palmetto GBA.

All transition related communications are being provided by Palmetto GBA via their website, <http://www.palmettogba.com/PDAC>.

Due to the transition from Noridian Healthcare Solutions, LLC to Palmetto GBA, PDAC Operations will be limited starting January 11, 2019. Note the following:

- **Email** - Noridian will be accepting email inquiries and applications through 4:00 PM Central Time on January 11, 2019.
- **Call Center** - On Monday, January 14, 2019, the current PDAC contract will experience a dark day and will not be taking calls. The PDAC Call Center will resume operations on January 15, with Palmetto taking calls at the same PDAC number, with the same hours. The number is 1-877-735-1326 and the hours are 8:30 a.m. - 4 p.m. CT, Monday - Friday.
- **Website** - The website, <http://www.dmepdac.com>, will remain as the PDAC website. It may look different but the same types of information currently available will remain on this website. Down time is not anticipated for the website, other than possibly a short period of time later in the day on January 14, as web servers are refreshed.

DME MAC Collaboration Unifies Processes for National Consistency - Updated January 16, 2019

The entire DME landscape has changed significantly since implementation of the Medicare Modernization Act (MMA) of 2003. Over the past 14 years, “regions” have been replaced with jurisdictions and the number of contractors providing services to those jurisdictions has been streamlined to only two Durable Medical Equipment Medicare Administrative Contractors (DME MAC): Noridian Healthcare Solutions, LLC (Noridian) jurisdiction A and D DME MAC in Fargo, North Dakota and CGS Administrators, LLC (CGS) jurisdictions B and C DME MAC, Nashville, Tennessee. Together, CGS and Noridian provide Medicare claims processing, customer service, education, and a variety of operational services for all suppliers in the United States and U.S. territories.

ERS Decision Tree Now Available

Are you a supplier who needs an Extended Repayment Schedule (ERS) due to financial hardship? An ERS Decision Tree tool is now available to assist suppliers in determining the length of the loan and the specific financial documentation CMS requires. The specific financial documentation is dependent on whether you are a Sole Proprietor or not. A sole proprietor and the sole proprietorship are considered a single legal entity: an individual.

NMP and/or IVR Use Required for Eligibility Inquiries - Effective February 18, 2019

Effective February 18, 2019, Noridian will require suppliers to use the Noridian Medicare Portal (NMP) and/or the Interactive Voice Response (IVR) for all eligibility inquiries. Until then, Customer Service Representatives (CSRs) will educate callers on these tools.

To access specifics about each, select the webpage links below.

- **NMP**: Provides Part A and B effective and termination dates, deductible remaining, ineligible period (due to classified as unlawfully present, deported or incarcerated), beneficiary address, Managed Care Organization (MCO) and Health Maintenance Organization (HMO), Medicare Secondary Payer (MSP), Home Health Episode History (HHEH), Hospice, Hospital periods, Skilled Nursing Facility (SNF) periods
- View the **Self Service Tools** section of DME On Demands to get a better understanding of the options available
- **IVR**: Provides effective and termination dates, deductible information, Managed Care (HMO), MSP, home health, hospice, SNF periods, and date of death

The **CMS Internet Only Manual (IOM), Publication 100-09, Chapter 6, Section 50.1** mandates that all providers first access inquiries through self-service technology, "...Providers shall be required to use the IVR system to access claim status and beneficiary eligibility information. CSRs shall refer providers back to the IVR system if they have questions about claims status or eligibility that can be handled by the IVR system... Each MAC has the discretion to also require that providers use the Internet-based provider portal for claim status and eligibility inquiries if the portal has these functionalities."

This process change will allow Noridian to meet CMS requirements and our CSRs to assist callers with more complex inquiries which cannot be answered through these self-service tools.

NMP and/or IVR Use Required for Items Available Within These Self-Service Tools - Effective February 18, 2019

Effective February 18, 2019, Noridian will require suppliers to use the Noridian Medicare Portal (NMP) and/or the Interactive Voice Response (IVR) for all inquiries that are available in either of the Self-Service Tools. Until then, Customer Service Representatives (CSRs) will educate callers on these tools. If it is found that the reason for the call can be found on one of the Self-Service options, the CSR will direct the caller back out to use one of the options.

To access specifics about each, select the webpage links below.

- **Noridian Medicare Portal (NMP)**: Provides Part A and B effective and termination dates, deductible remaining, ineligible period (due to classified as unlawfully present, deported or incarcerated), beneficiary address, Managed Care Organization (MCO) and Health Maintenance Organization (HMO), Medicare Secondary Payer (MSP), Home Health Episode History (HHEH), Hospice, Hospital periods, Skilled Nursing Facility (SNF) periods
- See the Self Service Tools section of the **DME On Demand** webpage to get a better understanding of the options available
- **Interactive Voice Response (IVR)**: Provides effective and termination dates, deductible information, Managed Care (HMO), MSP, home health, hospice, SNF periods, and date of death, general same/ similar, claim status, overpayment info (with FCN), duplicate remits, inpatient stays, last checks, Power Mobility Device (PMD) Par, appeal status

The **CMS Internet Only Manual (IOM), Publication 100-09, Chapter 6, Section 50.1** mandates that all providers first access inquiries through self-service technology, "...Providers shall be required to use the IVR system to access claim status and beneficiary eligibility information. CSRs shall refer providers back to the IVR system if they have questions about claims status or eligibility that can be handled by the IVR system... Each MAC has the discretion to also require that providers use the Internet-based provider portal for claim status and eligibility inquiries if the portal has these functionalities."

This process change will allow Noridian to meet CMS requirements and our CSRs to assist callers with more complex inquiries which cannot be answered through these self-service tools.

CSRs are still able to assist with callers with the below as they are not currently available within any of the Self-Service tools. **Note**: List is not all inclusive.

- Policy issues

- Prior Authorization Request (PAR)/ Advance Determination of Medicare Coverage (ADMC) status checks
- Same/Similar over five years or eight for pumps
- Provider Enrollment Chain and Ownership System (PECOS) denials

Telephone Reopenings: Resources for Success

This article provides the following information on Telephone Reopenings: contact information, hours of availability, required elements, items allowed through Telephone Reopenings, those that must be submitted as a redetermination, and more.

Per the CMS Internet-Only Manual (IOM) Publication 100-04, Chapter 34, Section 10, reopenings are separate and distinct from the appeals process. Contractors should note that while clerical errors must be processed as reopenings, all decisions on granting reopenings are at the discretion of the contractor.

Section 10.6.2 of the same Publication and Chapter states a reopening must be conducted within one year from the date of the initial determination.

How do I request a Telephone Reopening?	To request a reopening via telephone, call 1-877-320-0390.
What are the hours for Telephone Reopenings?	Monday - Friday 7 a.m. - 6 p.m. CT Holiday and Training Closures can be found at https://med.noridianmedicare.com/web/jddme/contact/holiday-schedule and https://med.noridianmedicare.com/web/jddme/contact/training-closures

CERT Documentation

This article is to remind suppliers they must comply with requests from the Comprehensive Error Rate Testing (CERT) Documentation Contractor for medical records needed for the CERT program. An analysis of the CERT related appeals workload indicates the reason for the appeal is due to “no submission of documentation” and “submitting incorrect documentation.”

Suppliers are reminded the CERT program produces national, contractor-specific and service-specific paid claim error rates, as well as a supplier compliance error rate. The paid claim error rate is a measure of the extent to which the Medicare program is paying claims correctly. The supplier compliance error rate is a measure of the extent to which suppliers are submitting claims correctly.

The CERT Documentation Contractor sends written requests for medical records to suppliers that include a checklist of the types of documentation required. The CERT Documentation Contractor will mail these letters to suppliers individually. Suppliers must submit documentation to the CERT Operations Center via fax, the preferred method, or mail at the number/address specified below.

The secure fax number for submitting documentation to the CERT Documentation Contractor is 804-261-8100.

Mail all requested documentation to:

AdvanceMed
CERT Documentation Center
1510 East Parham Road
Henrico, VA 23228

The CID number is the CERT reference number contained in the documentation request letter.

Suppliers may call the CERT Documentation Contractor at 888-779-7477 with questions regarding specific documentation to submit.

Suppliers must submit medical records within 75 days from the receipt date of the initial letter or claims will be denied. The supplier agreement to participate in the Medicare program requires suppliers to submit all information necessary to support the services billed on claims.

Also, Medicare patients have already given authorization to release necessary medical information in order to process claims. Therefore, Medicare suppliers do not need to obtain a patient’s authorization to release medical information to the CERT Documentation Contractor.

Suppliers who fail to submit medical documentation will receive claim adjustment denials from Noridian as the services for which there is no documentation are interpreted as services not rendered.

CERT Report Cards Being Mailed February 28, 2019

As a new initiative to reduce the DME Comprehensive Error Rate Testing (CERT) error rate, the Noridian CERT team will be mailing report cards to suppliers on February 28, 2019. If a supplier has a CERT claim with an error found, please expect to receive a report card.

The letter will detail the information being sent, including the projected weighted dollar error. This amount is not the actual amount in error on the claim, rather the weighted affect that this claim is having on the national error rate. Efforts to remove this error from the report will help reduce the national error rate.

Call or email the CERT team if there are questions regarding this report card or need assistance to get the error overturned. See the [CERT Contacts](#) section of the CERT webpage for these details.

New Medicare Card Mailing Complete, 58% of Claims Submitted with MBI

CMS finished mailing new Medicare cards to people with Medicare across all [mailing waves](#), including Wave 7 states and territories and also to people with Medicare Parts A&B who live in Canada and Mexico.

Medicare patients are using their new cards in doctor's offices and other health care facilities. For the week ending January 11, 2019, fee-for-service health care providers submitted 58% of claims with new Medicare Beneficiary Identifiers (MBIs), showing that many of you are already successfully submitting claims with MBIs. While you can continue using the former Social Security Number-based Health Insurance Claim Numbers during the transition period, we encourage you to use the new MBIs for all Medicare transactions.

To ensure that you have access to your patients' new numbers, you can individually look up MBIs if you have access to your Medicare Administrative Contractor's secure [provider portal](#). Likewise, your patients can access their new Medicare numbers or print official cards within their secure [MyMedicare.gov](#) accounts.

If your Medicare patients say they did not get a card, instruct them to:

- Look for unopened mail. We mailed new Medicare cards in a plain white envelope from the Department of Health and Human Services.
- Sign into [MyMedicare.gov](#) to get their new numbers or print official cards. They need to create an account if they do not already have one.
- Call 1-800-MEDICARE (1-800-633-4227), so we can help them get their new cards.
- Continue to use their current cards to get health care services. They can use their old cards until December 31, 2019.

2018 1099 Tax Forms Available on NMP

The 2018 1099-INT and/or 1099-MISC are now available on the Noridian Medicare Portal (NMP). The 1099 inquiry is available through the Financials function.

1099s on the portal are a copy of the official 1099 form that will be mailed to your facility.

View the [1099 Inquiry](#) section of the NMP User Manual to download your copy today.

Appeal Submission and Status Inquiry - NMP Tutorial Available

To help suppliers save time and money by taking full advantage of all Noridian Medicare Portal (NMP) functions available, we offer self-paced function-specific tutorials. View step-by-step instructions on how to submit an appeal or find status of an appeal.

View all tutorials on the [DME on Demand](#) webpage.

Streamline Your Office Operations - Submit Redeterminations through NMP

Is your office ready to save money and eliminate time-consuming faxing or hardcopy mailing when submitting Redetermination requests to Noridian for denied claims? Take advantage of the Noridian Medicare Portal (NMP) as it allows users to submit redetermination requests online.

NMP Redetermination Submission Benefits

- Accepts 70MB of supporting documentation for each upload
- Provides a confirmation number upon request submission
- Provides a decision letter for partially favorable and denied requests

Interested in learning more about this? View the [Begin New Appeal](#) section of the End User Manual for instructions.

Not yet an NMP user? View the [Registration Guide](#) to gain details on getting started today.

NMP Advantages Over the IVR

Although the Interactive Voice Response (IVR) is a great option to access patient, claim, and provider details, the Noridian Medicare Portal (NMP) is a more efficient, no cost, alternative. Check out the NMP advantages over the IVR.

NMP	IVR
Users enter information using computer keyboard	Callers must follow voice prompts and use telephone touch-tone keypad or voice recognition to enter information (factors include accent and mispronunciation)
Users able to view information as it is entered (incorrect entries easily/quickly identified)	Callers must wait for an audio response to verify information entered
Users able to view immediate inquiry results	Callers must wait for audio response to hear inquiry results
Users can download and save viewed information	Callers able to hear inquiry results only
Continuous updates with increased access coming soon	No future enhancements planned

Referring providers to the self-service options is a requirement per [CMS Internet Only Manual \(IOM\), Publication 100-09, Medicare Beneficiary and Provider Communication Manual, Chapter 6, Section 50.1](#) [☞](#) "Providers shall be required to use IVRs to access claim status and beneficiary eligibility information."

CSRs shall refer providers back to the IVR if they have questions about claims status or eligibility that can be handled by the IVR ... Each MAC has the discretion to also require that providers use the Internet-based provider portal for claim status and eligibility inquiries if the portal has these functionalities."

NMP Offers Additional Information on Eligibility Inquiry Responses - MSP Diagnosis Code, MDPP, and MCO PBP Plan Name and Number

As of December 10, 2018, the Noridian Medicare Portal (NMP) has been updated to provide additional information when performing an Eligibility inquiry.

Hospital, Inpatient, and SNF Details Expanded on Eligibility Inquiries in NMP

The Noridian Medicare Portal (NMP) will now provide additional details for Hospital, Skilled Nursing Facility (SNF) and Inpatient status on Eligibility inquiries. Below is an outline of the enhancements made for each line of business.

Part A: An additional “SNF/INPT Overlap” tab has been added for Part A Eligibility inquiries.

Part B and DME: The Hospital and SNF tabs have been replaced with a combined Hospital/SNF tab for Part B and DME Eligibility inquiries.

When choosing the “Please click here to load this data.” link on either tab, an Inpatient SNF Hospital Summary will display. The summary will provide the following for each occurrence:

- Billing NPI
- From and To Dates
- Bill Type
- Admittance and Discharge Dates
- Patient Status

Calendar Year (CY) 2019 Update for Durable Medical Equipment, Prosthetics, Orthotics and Supplies (DMEPOS) Fee Schedule - Revised

MLN Matters Number: MM11064 Revised

Related CR Release Date: January 18, 2019

Related CR Transmittal Number: R4209CP

Related Change Request (CR) Number: 11064

Effective Date: January 1, 2019

Implementation Date: January 7, 2019

Note: CMS revised this article on January 22, 2019, to reflect a revised CR 11064 that was issued on January 18. In the article, CMS revised the CR release date, transmittal number, and the web address of the CR. All other information remains the same as the changes to the CR had no impact on the substance in the article.

CR 11064 provides the Calendar Year (CY) 2019 annual update for the Medicare DMEPOS fee schedule. The instructions include information on the data files, update factors and other information related to the update of the fee schedule. Make sure your billing staffs are aware of these updates.

April 2019 Quarterly ASP Medicare Part B Drug Pricing Files and Revisions to Prior Quarterly Pricing Files

MLN Matters Number: MM11151

Related CR Release Date: January 25, 2019

Related CR Transmittal Number: R4213CP

Related Change Request (CR) Number: 11151

Effective Date: April 1, 2019

Implementation Date: April 1, 2019

The Average Sales Price (ASP) methodology is based on quarterly data submitted to the Centers for Medicare & Medicaid Services (CMS) by manufacturers. CMS supplies the MACs with the ASP and Not Otherwise Classified (NOC) drug pricing files for Medicare Part B drugs on a quarterly basis. Payment allowance limits under the Outpatient Prospective Payment System (OPPS) are incorporated into the Outpatient Code Editor (OCE) through separate instructions available in Chapter 4, Section 50 of the Medicare Claims Processing Manual found at <https://www.cms.gov/Regulations-and-Guidance/Guidance/Manuals/Downloads/clm104c04.pdf>.

Quarterly Update for the Temporary Gap Period of the DMEPOS CBP - April 2019

MLN Matters Number: MM11097

Related CR Release Date: January 11, 2019

Related CR Transmittal Number: R4192CP

Related Change Request (CR) Number: 11097

Effective Date: April 1, 2019

Implementation Date: April 1, 2019

CR 11097 provides the April 2019 quarterly update for the Medicare Durable Medical Equipment, Prosthetics, Orthotics and Supplies (DMEPOS) fee schedule. The instructions include information, when necessary, to implement fee schedule amounts for new codes and correct any fee schedule amounts for existing codes. The DME Competitive Bidding Program (CBP) files are updated on a quarterly basis in order to implement necessary changes to the HCPCS, ZIP code, and supplier files.

The Round 1 2017, Round 2 Recompete, and the National Mail Order (NMO) Recompete CBP contracts expired on December 31, 2018. Due to a delay in the announcement of the next round of the CBP, contracts are not in effect in Round 1, Round 2, or the NMO Competitive Bidding Areas (CBAs) beginning January 1, 2019, resulting in a temporary gap period in the CBP. Please make sure your billing staffs are aware of these changes.
